

Omnis Developer Conference

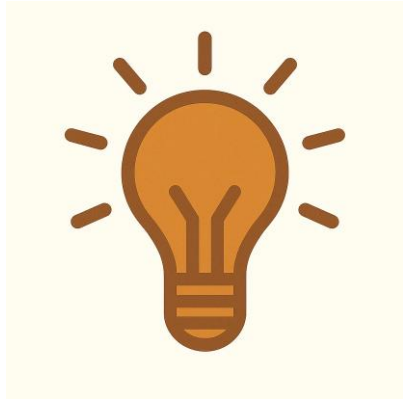

Share. Discover. Accelerate

The new Omnis Marketplace 🚀

Birgit Jäger
Director Global Sales & Marketing

Why we're launching the Omnis Marketplace

- Empower the community to share great ideas
- Reuse and build on proven components
- Accelerate app development, gain efficiency, focus on your core solution
- Open new business opportunities

A Home for Omnis Add-ons & Components

-  Full mini apps & applets
-  UI components & layouts
-  Connectors to APIs & services
-  Code snippets & logic modules

It's Built by the Omnis Community – That Means You!

- Any Omnis developer or team
- Submit tools, apps, or UI components
- Choose to offer them for free or sell them
- We'll help with promotion, visibility and processing

Omnis Marketplace

In the Marketplace you can find pre-built business applications, connectors to various software systems and noCode components that extend the platform capabilities, provided by Omnis Partners, market specialists with industry expertise, and by Omnis Software.

Product —

- omnis studio
- omnis noCode
- omnis dbGo
